

This pamphlet has been developed to explain the requirements and the license renewal process for every Nursing Home Administrator licensed to practice in Michigan.

The Michigan Public Health Code and board administrative rules requires every Nursing Home Administrator to complete, during the 2-year period prior to the expiration date of the license, not less than 36 hours of continuing education in courses or programs approved by the Board. Pursuant to this requirement, the Board of Nursing Home Administration has promulgated rules to establish specific criteria for the Board's approval of continuing education courses and programs.

### **REQUIREMENTS FOR RENEWAL**

The continuing education requirements apply to every Nursing Home Administrator renewing a Michigan license who held the license for the 2-year period immediately preceding the date of the license renewal. The requirements apply whether or not the Nursing Home Administrator is actively engaged in the practice of Nursing Home Administration. No one is exempt from this requirement.

Each Nursing Home Administrator is required to complete 36 hours of continuing education in courses or programs approved by the Board.

Every Nursing Home Administrator who is renewing his/her license should retain

records documenting the completion of continuing education. Those documents should be retained for a period of 4 years after the renewal of the license.

**DO NOT SEND THE CONTINUING EDUCATION DOCUMENTS** with the license renewal application. The Department of Community Health, Bureau of Health Professions, will conduct an audit at the conclusion of the renewal period. Nursing Home Administrators, chosen for audit through an automated random selection process, will be contacted by letter to submit documented evidence of the completion of 36 hours of continuing education credit.

### **DO NOT RENEW YOUR LICENSE IF YOU DO NOT HAVE THE REQUIRED 36 HOURS OF CONTINUING EDUCATION CREDITS.**

A Nursing Home Administrator who is unable to provide evidence of completion of the continuing education requirements, when requested, is in violation of the Michigan Public Health Code and subject to one or more of the following possible license sanctions: reprimand, probation, denial, suspension, revocation, limitation, restitution, and fine.

**Accredited sponsors are required to provide attendance certificates that indicate name of licensee, program dates and number of designated hours. Further information about programs with accredited sponsorship may be obtained by contacting the accredited sponsor.**

**"Contact hour" is the same as one 50-60 minute or (1) credit hour.**

### **REQUIREMENT FOR RELICENSURE**

**"Relicensure" means the granting of a license to a person whose license has lapsed for failure to renew the license within 60 days after the expiration date.**

## RENEWAL PROCEDURES

Nursing Home Administration licenses expire every 2 years on October 31. Although a 60-day late renewal period is allowed, the 36-hour continuing education requirement must be completed by October 31. Submission of the renewal application certifies that the requirements are met. If the renewal requirements have not been completed, the renewal application should not be submitted. If a licensee would like to apply for a waiver of education requirements an application should be made after the licensee receives the renewal application in early August, but before the license expires on October 31. Licensees who have not been granted waivers should allow their licenses to expire. Application for relicensure may be made upon completion of the 36-hour requirement within the 2-year period immediately preceding the date of the application for relicensure.

Information, forms and instructions for obtaining board approval are obtained from the Continuing Education Section of the Department of Community Health' Bureau of Health Professions.

### **CONTINUING EDUCATION** **WAIVERS**

The Michigan Public Health Code authorizes the Board of Nursing Home Administrators to waive the continuing education requirements for a license renewal applicant. If, upon written application, the Board finds the failure of the licensee to attend the required Board-

approved courses or programs was due to the licensee's disability, military service, absence from the continental United States, or a circumstance beyond the control of the licensee which the Board considers good and sufficient. Pursuant to this authority, the board has promulgated guidelines that set forth the policy the Board will follow in granting a waiver. The guidelines provide for the following:

**DISABILITY:** The licensee's disability shall have been temporary in nature and the licensee's physician shall attest on the application that the disability no longer prevents the licensee from attending educational programs and engaging in the practice of Nursing Home Administration without limitation.

**MILITARY SERVICE:** The licensee shall have been practicing Nursing Home Administration while in active service of the United States, been licensed at the time of induction or entering into service, and have requested that his or her license be placed in military status to continue in effect, without payment of the license renewal fee, pursuant to Section 16196 of the Public Health Code.

**ABSENCE FROM THE CONTINENTAL UNITED STATES:** The licensee shall establish that board-approved educational programs were not available within a reasonable distance from which the licensee was located and the licensee shall provide evidence of attendance at educational programs that substantially

meet the requirements for approval by the board.

**OTHER CIRCUMSTANCES BEYOND LICENSEE'S CONTROL:** For circumstances, other than disability, military service, or absence from the continental United States, the licensee shall submit compelling evidence that the circumstances were good and sufficient for a waiver of the requirements.

If the board finds that any of the conditions for waiving the requirements have been met, the number of hours waived shall be proportional to the length of time the licensee was temporarily disabled, in active military service, outside the continental United States, or involved in circumstances beyond the licensee's control. The board will not waive the requirements prospectively, nor will the requirements be waived for a licensee whose circumstances changed in time to reasonably allow the licensee to complete all or part of the requirements before license renewal.

To summarize:

- \* All Michigan licensed Nursing Home Administrators must complete 36 hours of board approved continuing education within the 2 years immediately preceding the expiration date of their license.
- \* Submission of the renewal application and fee is considered a statement that the CE requirement has been met.

- \* Failure to complete the CE requirement is considered a violation of the Public Health Code.
